Or join us virtually for a Live Stream Interactive Experience

October 20, 2023

Over 25 renowned Head and Neck Cancer specialists will gather for a full-day lectureship to discuss ways to enhance healthcare quality for patients with head and neck cancer. The conference will focus on the latest cutting-edge management techniques, including new surgical methods, clinical trial advancements, and reconstructive options that have emerged over the past five years.

Keynote Speaker

M. Boyd Gillespie, M.D.

Professor & Chair

University of Tennessee Health Science Center, Memphis, TN

M. Boyd Gillespie is Professor and Chair of Otolaryngology-Head & Neck Surgery at the University of Tennessee Health Science Center. He is a graduate of Johns Hopkins University School of Medicine, where he completed a residency and fellowship in Otolaryngology-Head & Neck Surgery. Dr. Gillespie earned a Master's in Clinical Research and is board certified in Otolaryngology-Head and Neck Surgery and Sleep Medicine. He has published over 150 academic papers, including the New England Journal of Medicine study of hypoglossal nerve stimulation for sleep apnea. He is the editor of the textbook Gland-Preserving Salivary Surgery: A Problem-Based Approach. Dr. Gillespie is a former Director of the American Board of Otolaryngology-Head & Neck Surgery (ABOHNS) and a current member of the otolaryngology section of the Accreditation Council for Graduate Medical Education (ACGME) and Vice-Chair of the Southern Section of the Triological Society.

Objectives

Upon completion, the participant should be better able to:

- Recognize advances in management of head and neck cancer including the increasing use of neoadjuvant therapy
- Interpret emerging biomarkers in guiding treatment for head and neck cancer
- Assess the role of multidisciplinary care in patients with head and neck cancer

Disclosure Statement

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education anyone involved in planning or presenting this educational activity will be required to disclose any financial relationships with any ineligible companies. An ineligible company is any entity whose primary business is producing, marketing, selling, reselling, or distributing healthcare products used by or on patients. Any financial relationships with these ineligible companies have been mitigated by the MUSC Office of CME. Speakers who incorporate information about off-label or investigational use of drugs or devices will be asked to disclose that information at the beginning of their presentation.

Americans with Disabilities Act

It is the policy of the Medical University of South Carolina not to discriminate against any person on the basis of disabilities. If you feel you need services or the auxiliary aids mentioned in this act in order to fully participate in this continuing medical education activity, please call the Department of Otolaryngology – Head and Neck Surgery at 843-876-0943 or attach a note to your registration.

Born in Maryland, **Dr. F. Johnson Putney** was a graduate of Furman University. He attended medical school at Jefferson Medical College, where he also completed pathology and medical/surgical internships. While serving a preceptorship with Dr. Louis H. Clerf, he also studied anatomy at Harvard Medical School. He finished residency at Manhattan Eye, Ear and Throat hospital and continued there as a faculty developing his specialty in head and neck surgery and was a diplomate of the American Board of Otolaryngology.

Dr. Putney served in the United States Army in World War II and received the Meritorious Service Award. After the war, he taught and practiced at Thomas Jefferson Medical College and other Philadelphia hospitals. Fortunately for Charleston and MUSC, he joined the faculty in the Department of Otolaryngology in 1967 as Professor of Otolaryngology.

A founding member and first treasurer of the American Society for Head and Neck Surgery, Dr. Putney also served as President of the American Broncho-Esophagological Association, the American Laryngological Association and the South Carolina Otolaryngology Society. He has held offices in numerous other societies, including the American College of Surgeons, and is well known for his editorial abilities. The author of more than 100 articles and book chapters, he has been Guest of Honor of the ABEA and the ALA. Dr. Putney is a recipient of The Newcomb Award and was elected an Honorary Fellow of the American Society for Head and Neck Surgery in 1996. Dr. Putney died December 2004. He is survived by three sons, a daughter and five grandchildren.
